Richard,

I forwarded this to one of the Dow Corning defense team members whom I know here (Russ Davis)-- he would agree!

Dr. Hageman,

The first section of "Fundamental Principles of BioMedical Legal Defenses: The Unifying Theory of Medicine, Science, and Law," which was mentioned in my Science Advisory Board profile, covers silicone breast implants ("Billable Hours...How Law Firms Poorly Defended Breast Implant Manufacturers"). On 15/16 October 2003, the FDA reintroduced silicone breast implants into the market validating that section I wrote in 2000 .
