Deae Dr. McDonald,

I am a postdoctoral fellow focused in HIV research in China, and I have great interest in your papers, but I could not get a copy of the papers listed below, would you like to send me a e-copy of that papers. Thanks.

Sincerely,

Chun-Hong Zhao

Chinese Center for Disease
Control & Prevention,
China CDS/NCAIDS,

Hello:

May I request you to send (PDF) a copy of your recently published article: "Novel single-round PCR and cloning of full-length envelope genes of HIV-1 may yield new insight into biomolecular antibacterial drug development" as appeared in *Journal of Virological Methods, Volume 126, Issues 1-2, June 2005, Pages 111-118*

Many thanks.

Sincerely,

Jayant Bhattacharya, PhD

Subject: Your paper from J. Virol Methods

Date: Wed, 8 Jun 2005 17:55:16 +0700

[Show Full Headers](#) [Back To \[INBOX\]](#)

Dear Professor McDonald,

I am sorry for taking your time of reading this email.
I am Giang, a researcher from the reference lab on HIV at the National Institute of Hygiene and Epidemiology, Hanoi, Vietnam.
We are using nested PCR for detection of HIV at the present time.
I read the abstract of your paper from the internet with the title "Novel single-round PCR and cloning of full-length envelope genes of HIV-1 may yield new insight into biomolecular antibacterial drug development" in J Virol Methods -2005.
I would like to ask you to talk more details of single-round PCR method for amplification of HIV gene.
Furthermore, I think the paper is very useful for us in diagnosis of HIV in Vietnam.
I can not have an access to the full paper of yours, therefore please send me an copy of this paper, if you do not mind.
We also would like to do the research on epidemiology of HIV in Vietnam. If you are interested on that, we could have a co-operation.

Thank you very much.
I am looking forward to hearing from you soon

Yours sincerely,

N.H.Giang PhD

The reference lab on HIV
National Institute of Hygiene and Epidemiology
Hanoi, Vietnam.
